

Gleason Lindsey

C.A. No. 04-1383-SLR

v.

~~Rispoli~~ Rispoli et al

June 3, 2005

Dear District court,

I wrote all prison Supervisors so can the court step in. The people have put bugs in my room causing me to itch very bad. And they have a person outside my window looking at me all night. Also they have done something to my room floor and now it's very dirty. It's also a echo in my room. I will like for this to stop because it's not at comfortable. I have told everybody and noone listen. I will like for the court to order these people to remove what bugs they put in my cell and also have the person outside my window all night leave and clean my floor. This is their get back from me filing a civil action.
